

The
Perfect Thread
for that
Vintage Look!

No shimmer, no glitter, no shine, the matte finish of the polyester thread allows the focus of the color to return to its essence, toning down the design without taking away the drama. It serves to present a more natural aesthetic and provides a saturated and steady feel to the final product.

Embellish[®] Thread

The raw yarn of our matte thread is made with a ceramic ingredient, giving this 40 weight thread beautifully contrasting effects when compared to normal polyester, while keeping the same high tensile strength. This allows you to bring new life to old poly designs, without having to change your digitizing settings!

Embellish® 40wt Metallic Thread

This beautiful thread produces exquisite stitching results. Embellish® metallic embroidery thread is manufactured with a unique process to eliminate thread breakage which has been so common with metallics in years past. Our thread features a polyester core, it is then wrapped in metal and then finished with mylar. The result is smooth stitching and no need to use a specialty metallic needle! **10 colors available.**
